There have been more than 4,500 deaths in the United States and more than 8,500 deaths in the European Union to date, according to the VAERS (<https://vaers.hhs.gov>) and EUDRA Vigilance (<https://www.ema.europa.eu/en/human-regulatory/research-development/pharmacovigilance/eudravigilance>), in the United States and Europe, respectively. According to a statement by the European Parliament, “following the administration of COVID-19 vaccines, there has been an extremely high incidence of serious adverse reactions that has never been hitherto detected for any medicinal product placed on the market.”
